Set up Outlook Mobile on my phone, too

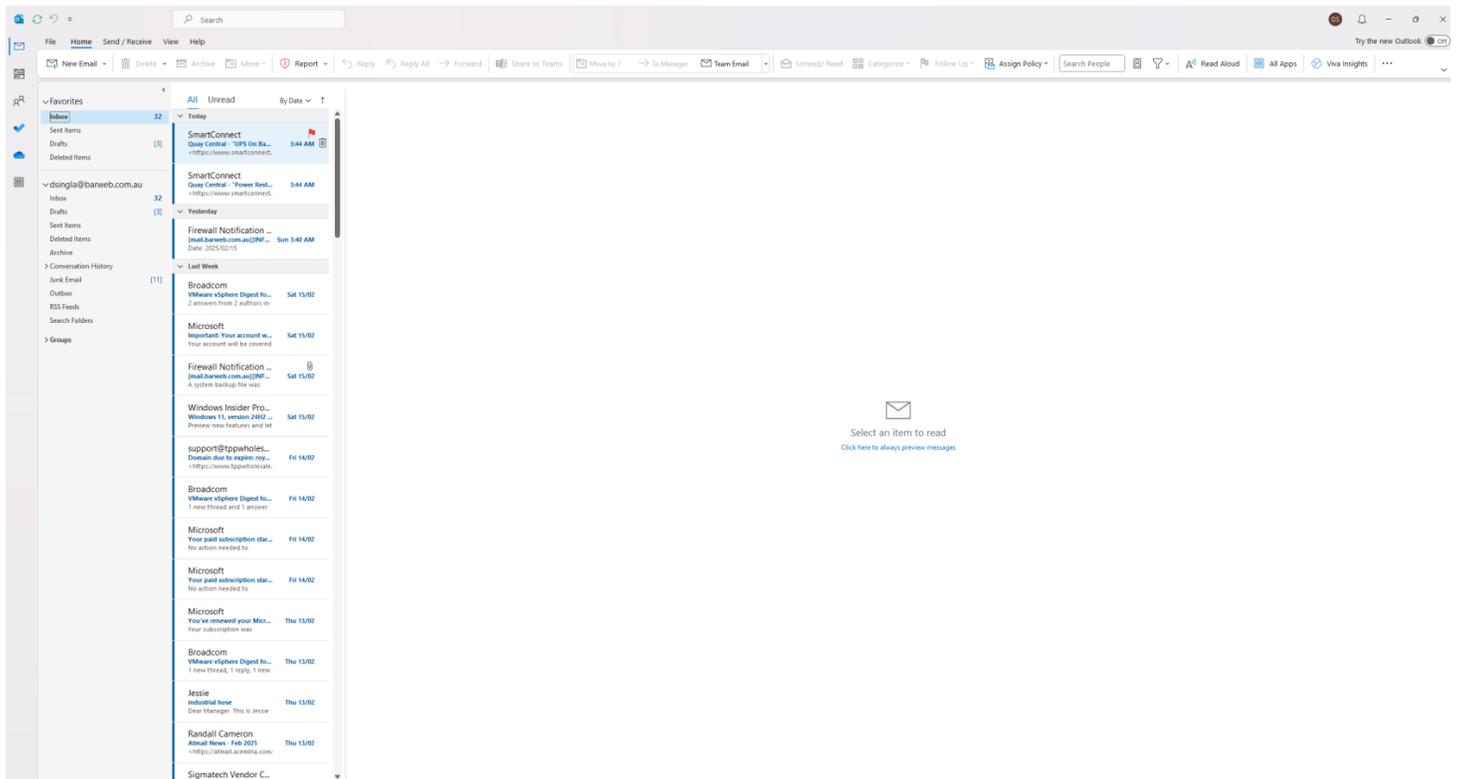

Done

- Enter your **Name**, **Email Address** (your Microsoft 365 email address), and **Password**.
- Click **Next**. Outlook will automatically try to configure the account.

Authenticate

- If prompted, enter your **Microsoft 365 password** and click **OK**.
- In some cases, you might be redirected to a Microsoft login page. Enter your **email address** and **password** there.

Finish Setup:

- Once Outlook has successfully configured your account, click **Finish**.

Restart Outlook (if necessary):

- If you don't see your emails immediately, restart Outlook. It should now sync with your Microsoft 365 account.

Microsoft 365 (iOS)

Open the Outlook App:

Sign In to Microsoft 365 > Get Started > Enter your **Microsoft 365 email address**

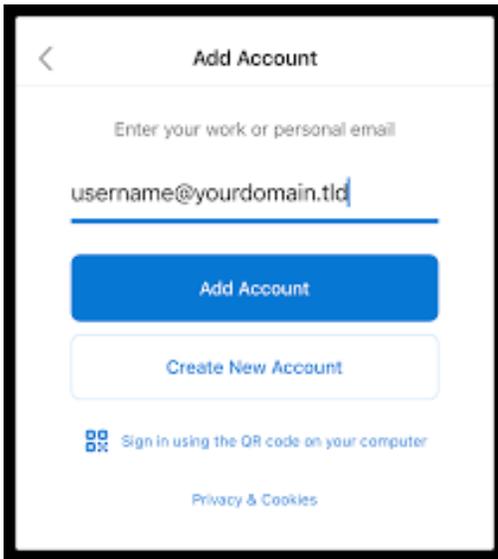

Outlook

A better way to manage your email.

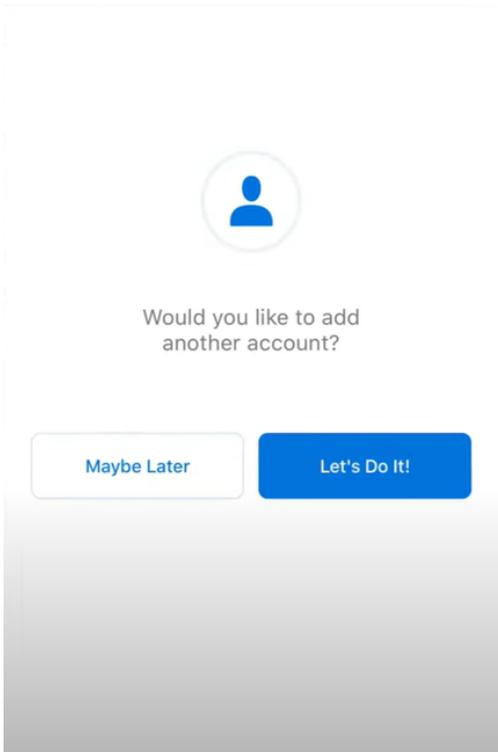

Get Started

- Tap **Add Account**.
- Enter your **password** and tap **Sign In**.

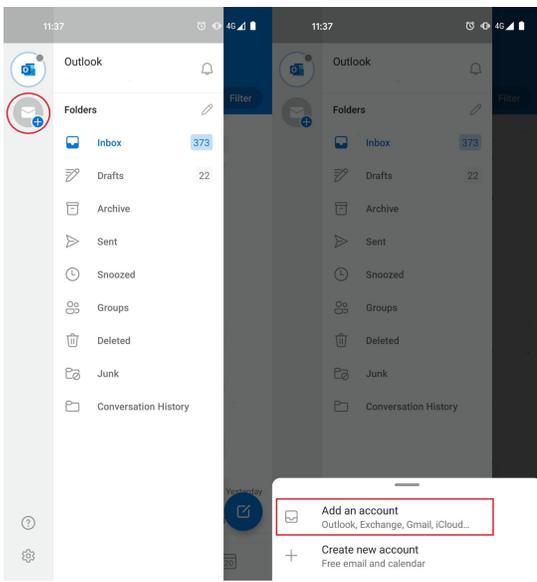

Allow Permissions:

- You may be prompted to allow Outlook to access your contacts, calendar, and notifications. Tap **Allow** to grant these permissions.
- If you have **Multi-Factor Authentication (MFA)** enabled, you will be prompted to verify your identity through your preferred MFA method (e.g., Microsoft Authenticator app, SMS, or phone call).

Access Your Microsoft 365 Data:

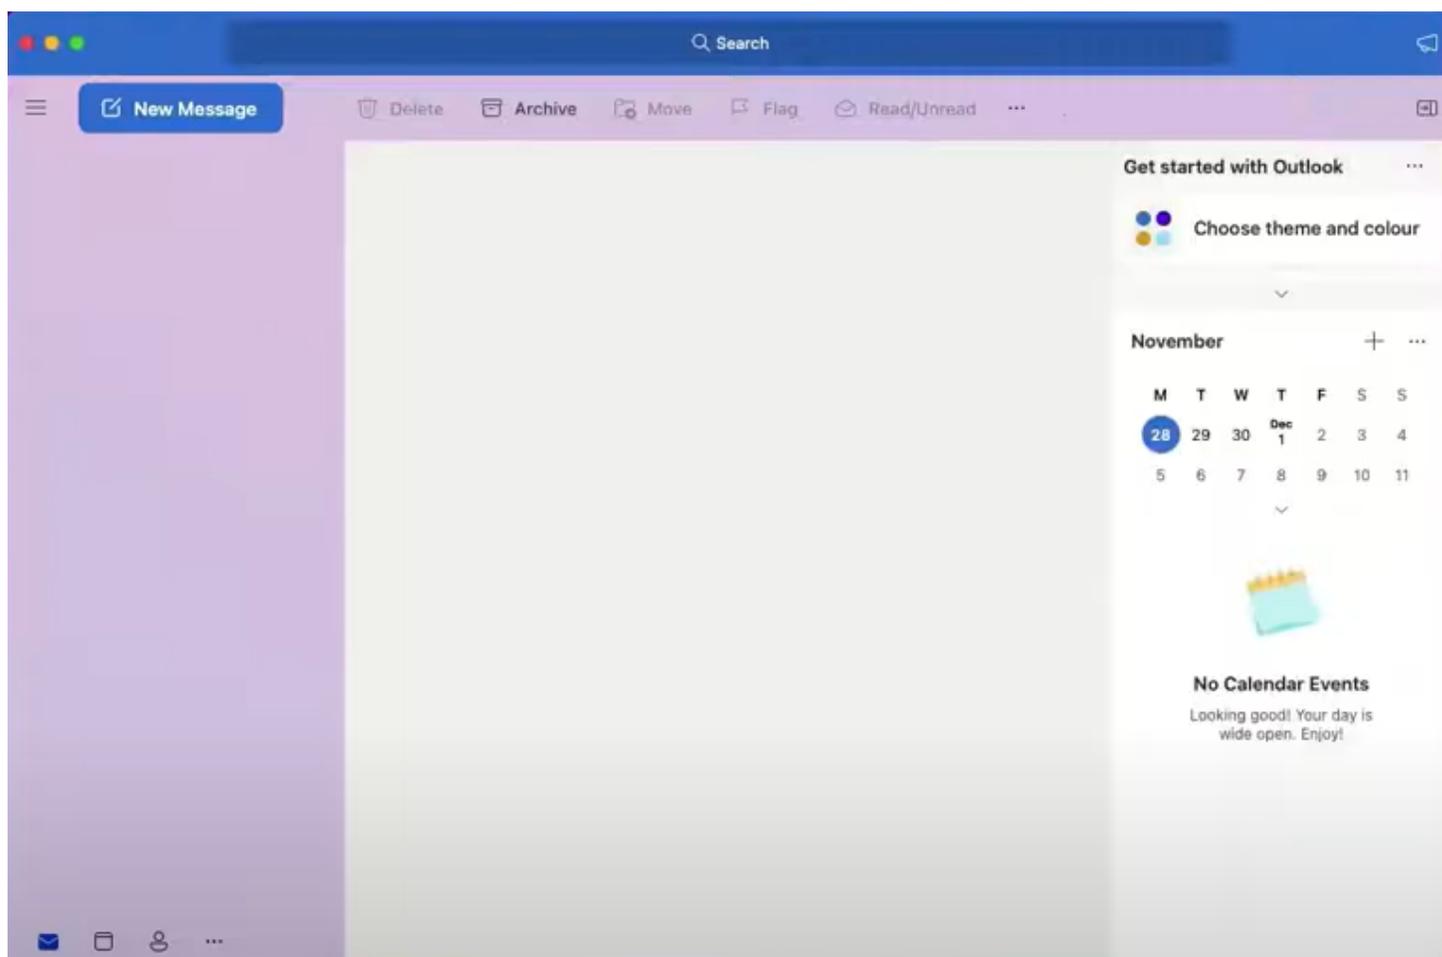

- Once setup is complete, you'll see your **Microsoft 365 email** inbox and other folders in the Outlook app.
- You can access your **calendar**, **contacts**, and other features integrated into Microsoft 365 directly from the app.

Microsoft 365 (macOS)

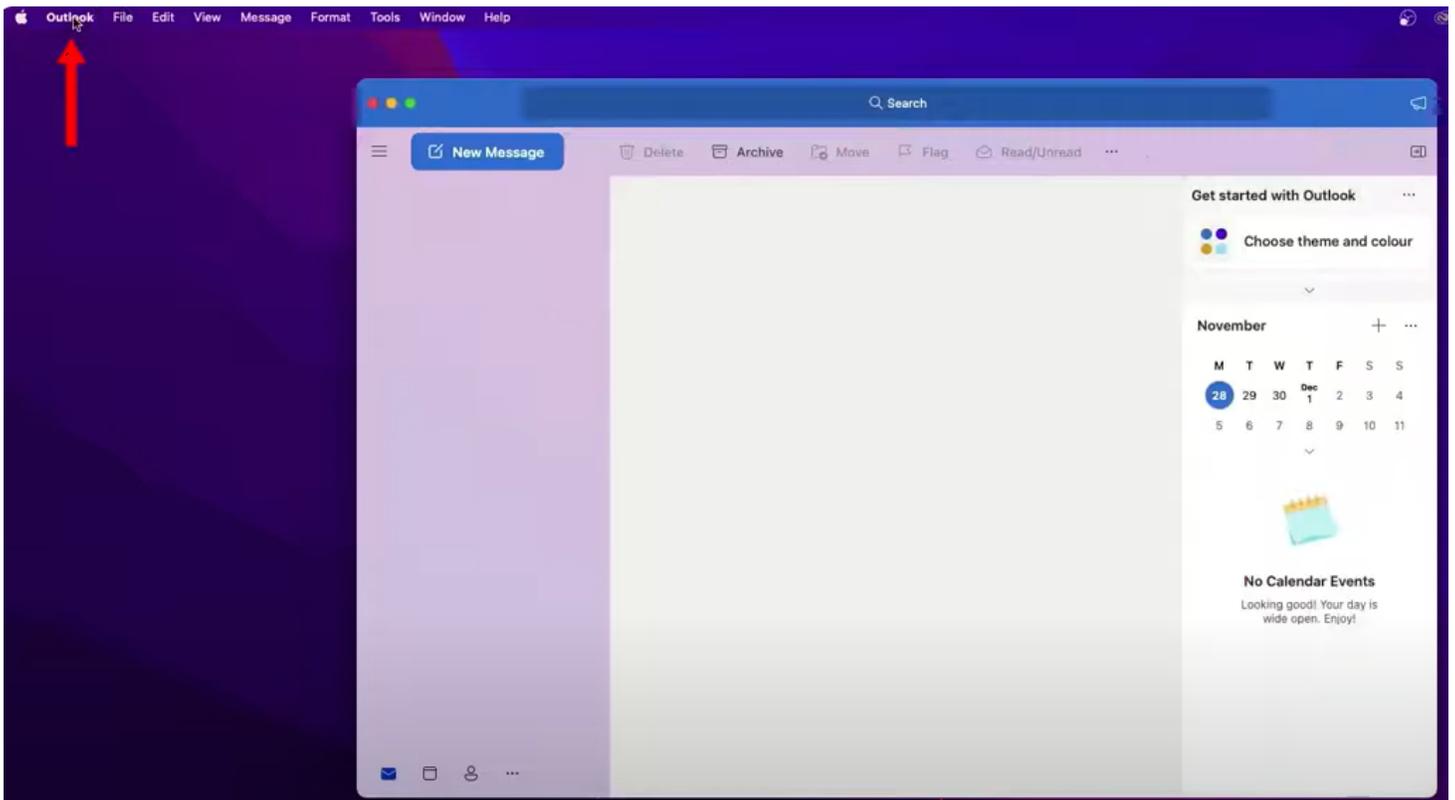

Open Outlook:

- Once the app is installed, open **Outlook** from your Applications folder or Launchpad.

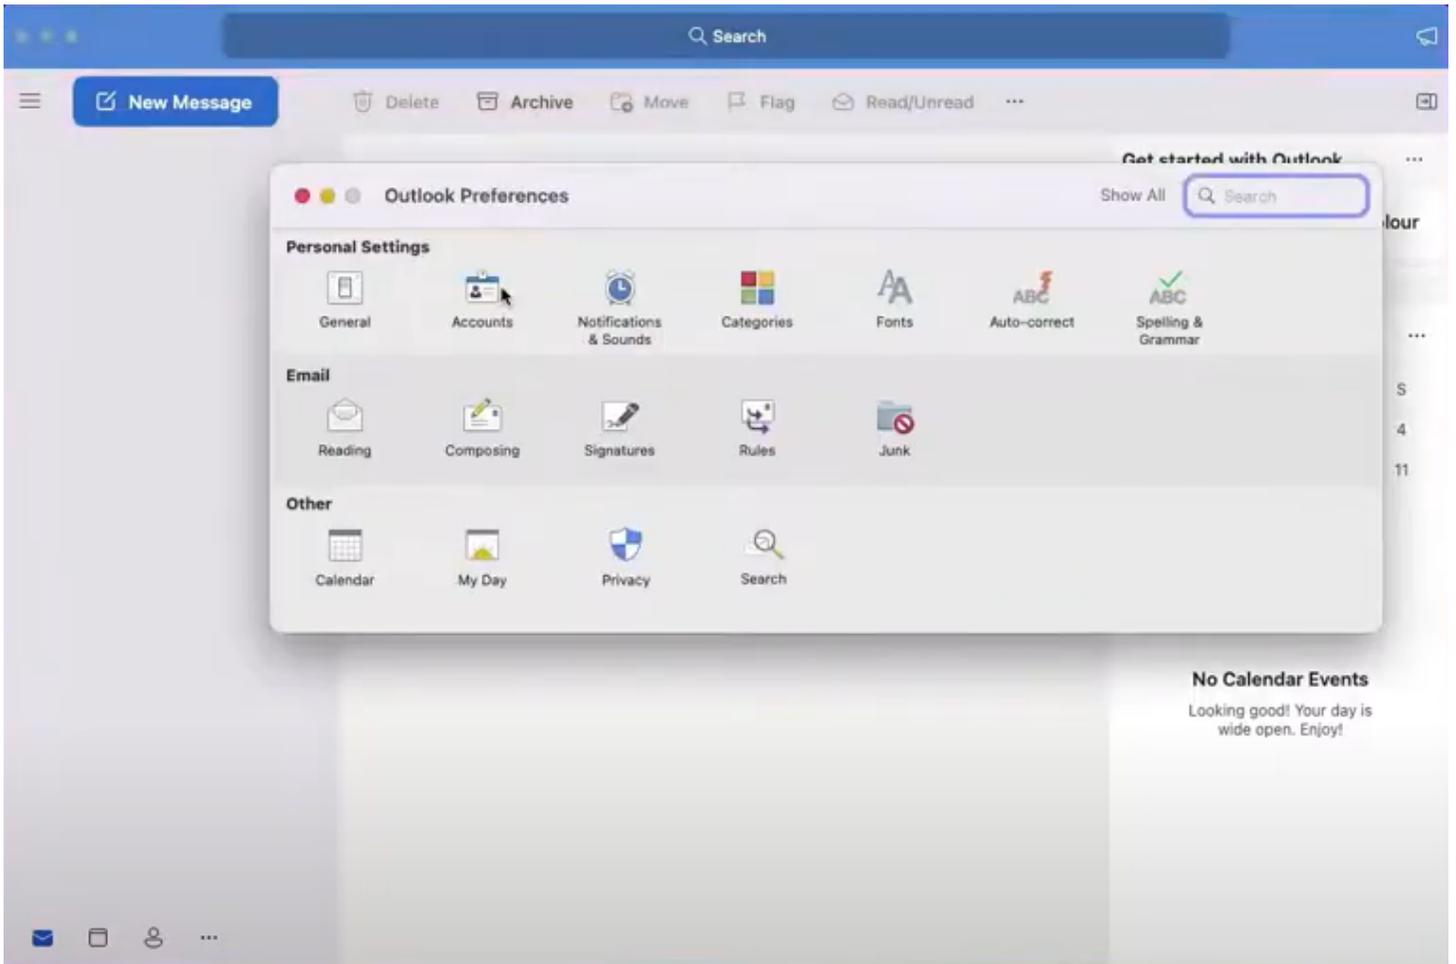

Open System Preferences:

- Click the **Apple icon** in the top-left corner of your screen.
- Select **System Preferences** from the dropdown menu.

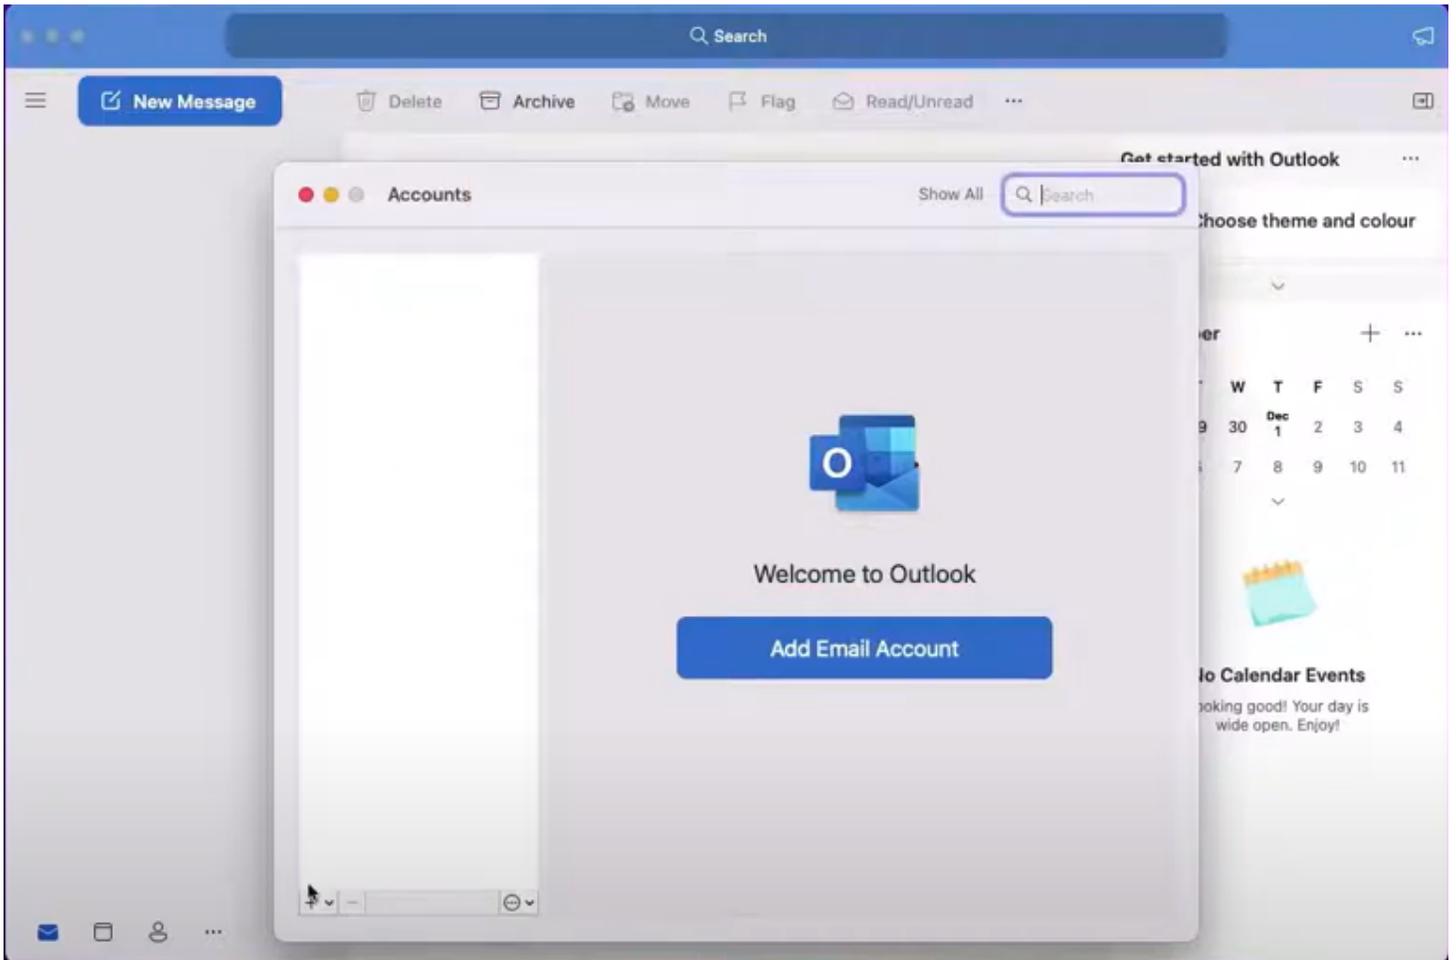

Go to Internet Accounts:

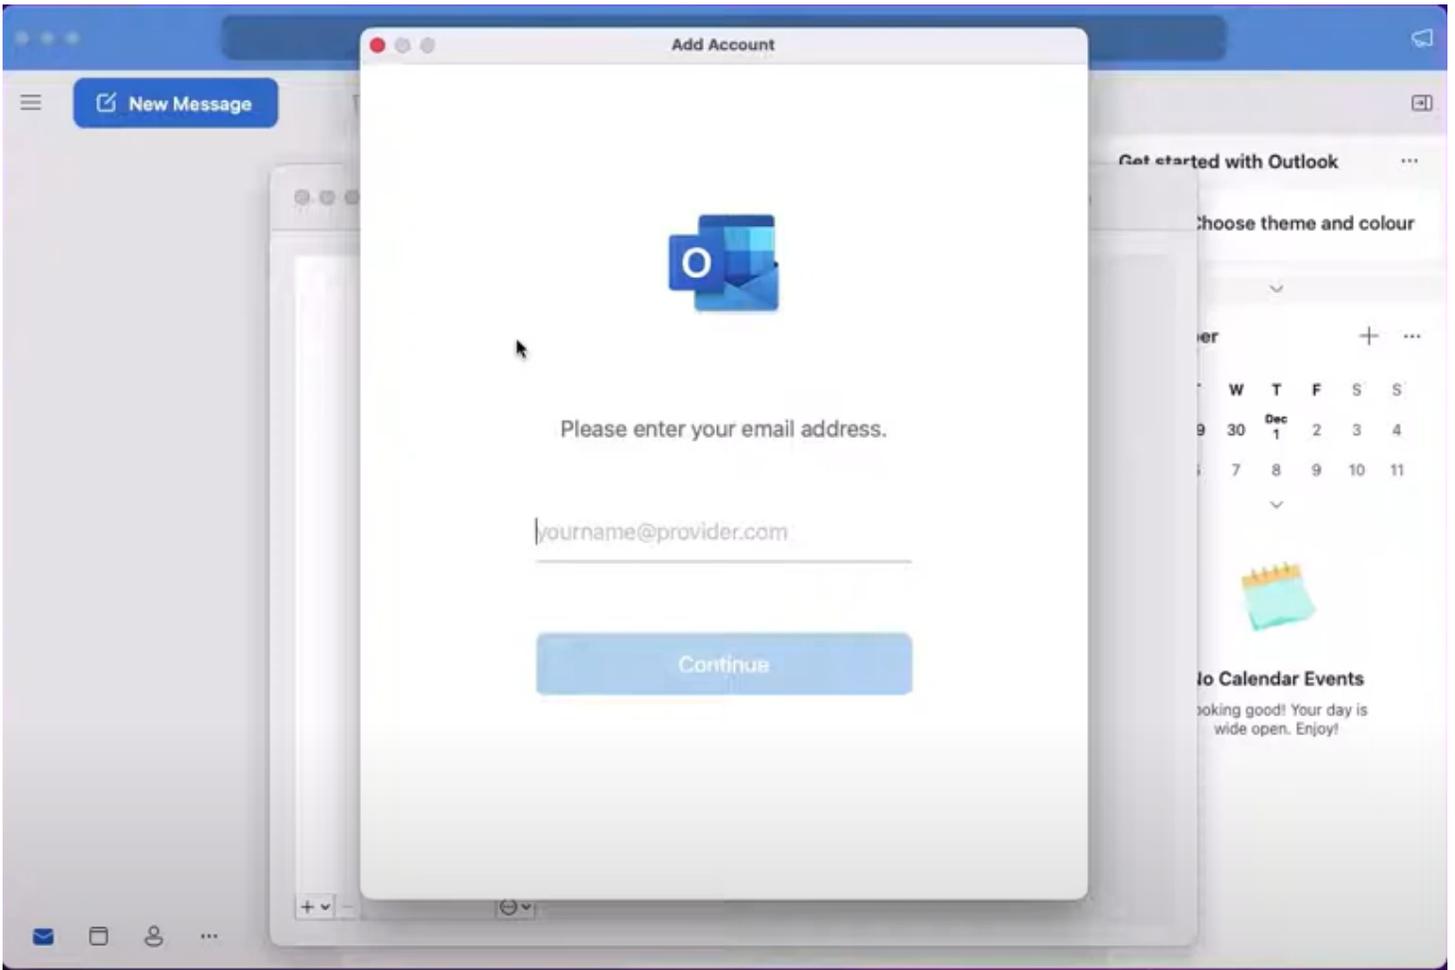

- In the **System Preferences** window, click on **Internet Accounts**. This is where you manage email accounts and services like Google, Yahoo, Microsoft Exchange, and others.

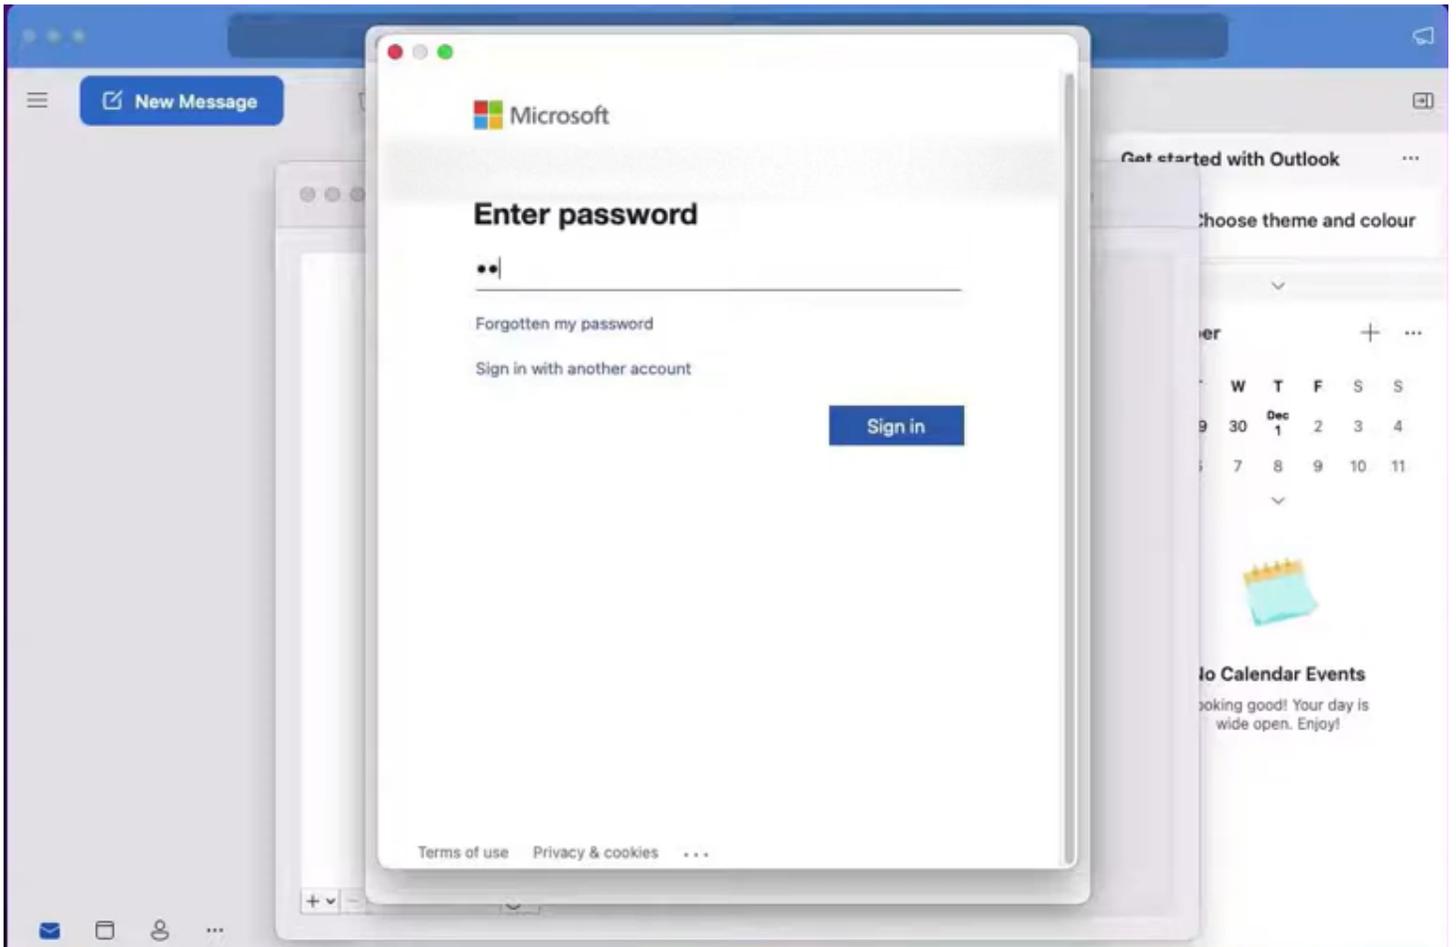

Add a New Account > Select Outlook or Exchange:

Enter Your Outlook Email > Enter your Microsoft 365 email address > Enter Password

Complete Setup:

- After selecting the apps to sync, click **Done**.
- Your Outlook (Microsoft 365) account is now added to macOS and will sync with the Mail, Contacts, and Calendar apps.
