Complaint Handling

You have a right to complain, and if you do we will deal with your complaint in a fair, efficient, objective manner and

through a transparent process.

We strive to solve any problems you may have during your first contact with us.

Our complaint handling process complies with the requirements of the Telecommunications Consumer Protections

Code C628:2012 (TCP Code) and responsibility for compliance with the process lies with our Chief Executive Officer.

We will not charge you for dealing with your complaint in most instances, and we will never charge you without

telling you first.

We may charge you to recover our costs in very specific circumstances only, i.e. we may charge you where you

request information that was collected more than two years ago or where you request information that is not free of

charge as per our Standard Form Customer Contract or our Critical Information Summary.

If cost recovery charges apply, we will tell you before charging you (and you may of course choose not to pay and

discontinue your complaint) and we will inform you about your options for external dispute resolution, e.g. the

Telecommunications Industry Ombudsman (TIO).

If you wish to complain, please contact us:

| | |
|-------|--|
| Phone | (07) 3292 0222 |
| Email | complaints@barweb.com.au |

Our hours of operation are from 8:30am-5:00pm (Monday-Friday).

If you are calling us from a landline, your call is BILLED AT A LOCAL RATE.

Note that calling us from a mobile may be more expensive.

We will help you formulating, lodging and progressing your complaint if you request this.

Of course you can appoint an authorised representative or advocate to make a complaint on your behalf. For help

with how to appoint an authorised representative, please go to

http://cdn.barweb.com.au/2015/Application_Forms/BarWeb_Authorisation_Form.pdf.

We will acknowledge your complaint immediately if you complained or talked to us over the phone, and within 2

working days if you have lodged your complaint through any other channel including where you left a message on

our answering machine (e.g. outside our office hours).

When we acknowledge your complaint we will give you a unique reference number or similar to enable you to easily

follow up on your complaint. We will also give you an indicative timeframe for resolving your complaint. You can

follow up on your complaint by calling (07) 3392 0219.

Our goal is to always fix your problem during your first contact with us.

Sometimes this is not possible and we need to investigate the matter. We will then agree with you on how to fix your

problem (this may include waiving of fees or other commercial solutions) and advise you accordingly within 15

working days of receiving your complaint. We will advise you in writing if you request this.

Occasionally it may take longer than 15 working days to investigate your problem and in this case we will explain

why and give you a new expected timeframe.

If the delay is more than 10 working days (and is not the result of a Mass Service Disruption) we will also inform you

about your options for external dispute resolution such as the TIO.

Once we agreed on how to fix your problem, we will implement all actions required to fix the issue within 10 working

days, unless you agreed otherwise or unless you have not done something that we needed you to do and we cannot

proceed because of this.

We will not collect or attempt to collect an amount from you where the specified amount is subject of an unresolved

complaint that has been with us.

On resolution of the dispute. we will discuss with you when collection will recommence as per the terms of the

complaint resolution.

We will advise of any collection of outstanding amounts on bills that are not in dispute on the same account.

We will not inadvertently (or deliberately) sell or assign a debt of a disputed amount (that includes a disputed

amount) to a debt collection agency, and will ensure disputed amounts are not part of or reason for a listing with a

credit reporting agency.

Your complaint will be treated as urgent

- if you have applied for being in financial hardship under our Financial Hardship Policy and the issue you are complaining about directly contributes to the Financial Hardship you are experiencing, or
- if your service has been disconnected or is about to be disconnected and due process has not been followed, or
- if you are receiving Priority Assistance (e.g. because of a severe medical condition) for the service you are complaining about.

In this case we will agree with you on how to address the issue and implement all required actions to fix the issue

within 2 working days. If there is a delay, we will explain why, provide you with a new expected timeframe, and if it is

a longer delay also inform you about your options for external dispute resolution such as the TIO.

If you tell us that you are not satisfied with the complaint timeframes, its progress or the outcome or if you tell us

your complaint ought to be treated as urgent, we will escalate your complaint internally. If you are still dissatisfied,

we will inform you about your options for external dispute resolution such as the TIO.

We will never cancel your service only because you have contacted an external dispute resolution scheme.

We encourage you to always contact us first if you experience any problem or are unhappy. We will do our best to

solve your problem during our first contact.

Contact us:

We encourage you to contact us if you experience any difficulties paying our services. Please contact us by

calling (07) 3292 0222 if you would like to discuss any Financial Hardship matters with us. You can do so

- Evidence that you consulted a recognised financial counsellor,
- A statement of your financial position.

We may not be able to make an assessment of your circumstances if you do not provide us with the

Once we received all required information, we will let you know within 7 working days whether you are

eligible for assistance under our Financial Hardship Policy.

If you are eligible, will work with you to come to an arrangement that allows you to pay your outstanding

charges in a way that does not worsen your financial position. Where appropriate we will discuss means with

you how to limit your spend (this may include barring some service features) during the time of our

arrangement and thereafter.

Once we come to an agreement we will put this in writing via letter or email to you. You must inform us if

your circumstances change (for better or for worse) during our arrangement.
